

8 January 2021

GPk Products, Inc. price increase 2/15/2021

GPk Products will be implementing a 13% price increase on all rigid PVC fittings effective February 15, 2021. The price increase is due to increased raw material costs, tightening of the freight market with continuing cost increases, as well as labor cost increases.

New list prices will be available at www.gpk-fargo.com, and price books will be mailed prior to the increase.

Please contact your local manufacturer's representative or your local GPk Products Regional Sales Manager if you have any questions.

Sincerely,

Joe Hoffman
National Sales Manager
